A bill is now before her legislature requiring all candidates to file in ten days after election to file with the secretary of state an itemized sworn account of the election expenses. It is hoped by a degree of the extension to money in elections, and the law is suggested by a somewhat similar case in use in England, where great benefits have resulted from its enforcement.

The story comes from Dakota that the good people of that town have been treated to show of frogs. Years ago this interesting variety show would have been a success, and even here, but the interest frontier element of Dakota take a common-sense view of the event. A very lively hurricane was in the neighborhood just then, and the people think the frogs were caught up from their place of abode in a slough, had a free ride on the wings of the storm, and were finally dumped into the principal street of the town. This view is certainly more plausible than the old notion on similar occasions, which was that the frogs of some other world were being driven in large numbers.

I hereby acknowledge receipt of check for \$50.00, in full of claim against the Travelers' Insurance Company, for indemnity under accident policy for \$25,000, which I hold in that company. This is the second claim they have paid me, and I have already found them prompt and liberal.

OTTO HERTWEG.

—Base ball has been called the national sport of the United States, but here among us will dispute with it the title. Despite the drawback of some disagreeable features connected with the sport, its general growth, in popularity and popularity during the last decade attests the firm grasp it has taken upon the American sporting mind.

—Repairing fine watches a specialty. All work guaranteed. Back Bros.

—Says the Herald-Examiner: There seems to be a disposition now on the part of Hickman people to offer the Palisades. Hickman & Brothers valued \$2,000 and say nothing to the district, which seemed to be a mistake. However, there are some who outside of the corporation who are willing to "chip in" and help pay the debt.

—We have sold over one hundred pair of spectacles within the last few weeks, and of course we can sell the best for the least money. Our stock is the largest and best that was ever brought to Hickman.

—The next Legislature will elect U. S. Senator Edmund M. Bruce, of Buchanan, and probably no more important work will be before that assembly, and hence will draw for legislative honors might make it interesting for demagogues and the people to decide for whom they expect to vote. The Governor's first bill is the religious test program, for Mr. Buchanan. Now who are you for, Mr. Candidate?

—The protracted meeting at the church having been held in the afternoon, a number of additions to the church were made last night. Elder H. C. Roberts is a promoter of more than ordinary ability, and his large congregation of converts, and great numbers of worshippers, will be a source of pride to the church.

—All goods I advertise in these columns are NEW. I have second-hand Watches for sale from \$1.00 to \$10.00, but the Watches I have advertised before are new goods. I have a lot of Watches from \$5.00 to \$8.00, and the \$5.00 ones are not Waterbury.

—Mr. Ham Johnson, our new sheriff, all agree, is making a splendid officer. An ex-county officer says that he Johnson has made more arrests since the 1st of January than has been made in the county for the last eight or ten years. This may be a somewhat extravagant statement, but he is making an excellent officer. He has a warrant, for any part of the county, and it is a good one, and before the next morning, or a good case has prevented its execution.
